DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see pages 5-10, filed 12/26/07, with respect to claims 1-11 have been fully considered and are persuasive. The rejection of claims 1-11 have been withdrawn.
2. Applicant is correct, in that although Battistella discloses an analogous quantity to specific absorption, such value is calculated in a different manner. Furthermore, said value is not used to calculate a weight or mass based value of load, as the load is measured elsewhere.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mark Davis on 1/16/08.

The application has been amended as follows:

In Claim 1 line 8, please delete "load equivalent based" and insert –load equivalent weight based—

In Claim 2 line 8, please delete "load equivalent based" and insert –load equivalent weight based—

In Claim 7 line 6, please delete "load equivalent based" and insert –load equivalent weight based—

In Claim 7 line 7, please delete "load equivalent being" and insert –load equivalent weight being—

In Claim 8 line 6, please delete "load equivalent based" and insert –load equivalent weight based—

In Claim 8 line 8, please delete "load equivalent." and insert –load equivalent weight.—

Allowable Subject Matter

4. The following is an examiner's statement of reasons for allowance: The closest found prior art, Battistella, discloses an analogous quantity to specific absorption, but such value is calculated in a different manner. Furthermore, said value is not used to calculate a weight or mass based value of load, as the load is measured elsewhere.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Claims 1-11 allowed.
